

COVID-19: March Vaccine Distribution Information from the Wyoming Department of Health

February 27, 2021

The Wyoming Department of Health (WDH) anticipates the following allocation of vaccine across the state for March 2021 based on estimates provided by the Centers for Disease Control and Prevention (CDC). Vaccine allocations will be shipped to county public health agencies or in some instances to hospitals and other providers to administer to Phase 1 populations.

Listed amounts are for first dose only. **These amounts are tentative and may change.**

Additional vaccine was allocated for Wyoming as part of the Federal Pharmacy Partners for Long-Term Care Program. This program allowed Walgreens and CVS pharmacies to provide COVID-19 vaccinations to residents and staff of enrolled long-term care facilities and assisted living facilities. To date, 9,750 doses of Pfizer vaccine have been allocated to this program in Wyoming. Three clinics have been scheduled at each enrolled facility.

Additional vaccine is also allocated to Wyoming as part of the Federal Retail Pharmacy Program. The table below outlines vaccine allocated to date through this program.
